

Adeptus Partners, LLC, a growing full-service CPA firm, with offices in New York City, New Jersey, Long Island, Maryland, California and White Plains, is seeking a Royalty Audit Analyst to help us conduct royalty audits, contract compliance examinations, financial due diligence reviews and litigation support. We service clients in entertainment, technology, life sciences, sports and other dynamic industries. This forensic auditing and advisory position requires a highly motivated individual who is talented in Excel and is interested in learning about and working with royalties and licensing. There is an ample opportunity to advance your career as you gain knowledge and improve your skills. We offer a competitive salary with full benefits for this position.

Job Responsibilities:

Support the Royalty Audit & Contract Compliance Group team and the various services it provides as follows:

- Preparing schedules to calculate amounts due and support claim calculations.
- Performing detailed analyses of royalty streams and other data, memorializing results within workpapers.
- Aggregating, transforming, summarizing, and analyzing various data sets by creating databases, designing pivot tables and running queries.
- Summarizing and analyzing royalty statements, license agreements, and other assorted documentation.
- Conducting research on the internet and elsewhere.
- Performing forensic auditing procedures, assisting with the drafting of our comprehensive findings reports, and helping clients settle claims and issues.
- Corresponding with various internal and external stakeholders, including clients and the companies we are auditing.
- Assisting with marketing activities that promote the firm and growth of the Royalty Audit & Contract Compliance Group.

A successful candidate should possess the following attributes:

- Bachelor's degree in Computer Science, Math, Accounting or related fields.
- 1+ years of professional experience.
- Prior experience working in accounting, audit, royalty accounting, music and/or licensing is a plus.
- Power user in Excel (familiar with pivot tables, look-ups, macros, etc.)
- Knowledge of Access and/or SQL databases is a plus.
- Excellent time management skills.
- Problem solver with the ability to work remotely and independently.
- Strong verbal and written communication skills.
- Personable with the ability to work well with other employees, clients, and auditees.
